'I love it! Hilarious and thought-provoking!' Fearne Cotton

'The Bridget Jones of self-improvement' *Sunday Times*

Marianne Power was stuck in a rut. Then one day she wondered: could self-help books help her find the elusive perfect life?

She decided to test one book a month for a year, following their advice to the letter. What would happen if she followed the *7 Habits of Highly Effective People*? Really felt *The Power of Now*? Could she unearth *The Secret* to making her dreams come true?

What begins as a clever experiment becomes an achingly poignant story. Because self-help can change your life - but not necessarily for the better . . .

Help Me! is an irresistibly funny and incredibly moving book about a wild and ultimately redemptive journey that will resonate with anyone who's ever dreamed of finding happiness.
